

TOWN OF ALFRED, MAINE

**FOR FISCAL YEAR
JULY 2020 – JUNE 2021**

THE PEOPLE OF ALFRED

Dedication

Patience, cooperation, understanding, flexibility, and discipline are just a few of the words that can be used to describe the people of Alfred over the past difficult year. It is the reason we are dedicating this years Town report to the residents of Alfred.

When this nightmare from overseas came to visit nobody knew what to expect and every week seemed to bring more bad and confusing news. It was relentless.

The response and behavior of the people of Alfred was truly exceptional in many ways and no town could have asked for more from their citizens in this challenging environment. These challenges were unique in the many ways families and individuals had to deal with them.

Those with children suddenly had to juggle closed schools and daycares and still find a way to get to work or give up a paycheck. Adding to the burden the parks, playgrounds and other activities for children stopped.

Folks without children lost the camaraderie of family, friends and places of enjoyment and comfort like churches and libraries. Having a meal at a restaurant or seeing a movie became a memory.

Through it all most of you displayed the qualities listed above. You wore masks and practiced social distancing. You looked in on neighbors and loved ones and many grandparents became daily caregivers so parents could go to work. You made appointments when in the past none was needed and you navigated the stream of too often confusing and inconsistent information that came from well meaning multiple sources.

When vaccines became available most of you signed up and did what was needed for the greater good of everyone.

We should all be proud of the way our fellow Alfred residents responded and no Town Report dedication has been more deserved.

Dear Friends:

It is an honor to represent Maine in the United States Senate. I am grateful for the trust the people of our State have placed in me and welcome this opportunity to reflect on 2020, an incredibly challenging year for Maine families, small businesses, and communities.

When the pandemic struck, our country faced the specter of an overwhelmed health care system and devastation to our small businesses and the millions of people they employ. I immediately worked with Republicans and Democrats to pass multiple laws allocating approximately \$3 trillion to respond to this public health and economic crisis, including more than \$8 billion directed to Maine to support testing, schools, the economy, and other purposes — that is nearly double Maine's annual state budget.

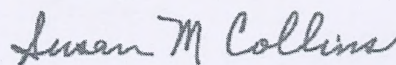

I am especially proud of the bipartisan Paycheck Protection Program (PPP) I co-authored. This program has provided three out of four Maine small businesses with nearly \$2.3 billion in forgivable loans, which has helped sustain more than 250,000 Maine jobs. I have met thousands of Maine small employers and employees in all 16 counties who are surviving because of the PPP. As one small business owner told me, the PPP provided "exactly what we needed at exactly the right time." The PPP also allowed employers to maintain benefits, such as health care, during this challenging time. Another round of PPP is needed to sustain small businesses and their employees.

While the pandemic continues across Maine, our nation, and the world, I thank the first responders, health care professionals, teachers, grocery store employees, factory workers, farmers, truck drivers, postal employees, and so many others who continue to stay on the job during this difficult time. With the deployment of the first vaccines, better tests, and the incredible speed with which these life-saving responses were developed, I am hopeful we can emerge from this crisis in the next few months.

While providing relief to American families was my focus throughout 2020, other accomplishments include the passage of the Great American Outdoors Act, which provides full funding of the Land and Water Conservation Fund and addresses the maintenance backlog at our national parks, forests, and wildlife refuges. As Chairman of the Transportation Appropriations Subcommittee, in 2020 alone, I secured \$132 million to improve Maine's roads, bridges, airports, buses, rail, ferries, and seaports. Finally, as Chairman of the Aging Committee, I led the reauthorization of the Older Americans Act, which funds programs that improve the well-being, independence, and health of our nation's seniors and their caregivers, and I authored laws to reduce the cost of prescription drugs and protect individuals with Alzheimer's disease.

As the end of 2020 is approaching, I have cast more than 7,535 votes, never having missed one. In the New Year, my focus remains to work with colleagues to find common ground on policies to help support the health and safety of Mainers and the safe, responsible opening of our communities. If ever I or my staff can be of assistance to you, please do not hesitate to contact one of my state offices. May the coming year be a successful one for you, your family, your community, and our state.

Sincerely,

Susan M. Collins
United States Senator

January 1, 2021

Dear Friends,

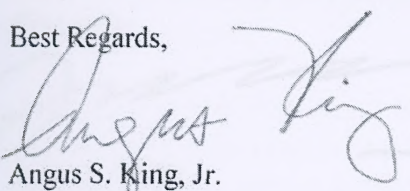

2020 was a year unlike any in our lifetimes. Our state and nation dealt with unprecedented challenges--the coronavirus pandemic, ensuing economic fallout, and a prolonged, heavily divisive campaign season each took a significant toll on all of us. The worst part? In order to protect each other, we had to face these challenges in isolation. But a new year represents new possibilities; a chance to take stock of what we're grateful for and focus on the opportunities in front of us. As we reflect back on 2020, we will remember heartbreak and loss -- but we cannot forget the shining rays of hope that broke through the darkness, reminding us all that better days are ahead.

Throughout the pandemic, my top focus has been on bridging the partisan divide in Washington in order to deliver desperately-needed relief for Maine people. Joined by colleagues last March, we pushed for bipartisan negotiations to produce a strong bill that helped fellow Mainers, businesses, and institutions weather this storm. In the weeks and months after the *CARES Act* passed, our team stayed in close contact with people throughout the state to determine how we should adjust our response to best support our citizens. Unfortunately, the aid provided by the *CARES Act* lapsed without Congressional action, leaving too many families and businesses in limbo. I never stopped pushing for a bipartisan relief bill and, after extensive negotiations, we ended the year on a good note by breaking the gridlock and passing new relief legislation. This new bill isn't perfect; in fact, it should just be the start our renewed response. As we enter 2021 with a new administration and new Congress, we must fight for additional legislation to help restore stability to our working families and rebuild our economy and public health infrastructure.

In the midst of this crisis, Congress did manage to accomplish a few successes that will outlast this awful pandemic. Among these was the *Great American Outdoors Act*, a bipartisan bill which was enacted into law in August 2020 and will help address a \$12 billion backlog at our national parks so future generations of Americans can enjoy these beautiful lands and create lifelong memories. Also, as we learn more about the recent hacks of our nation's networks, there is help on the way: 27 of the cybersecurity recommendations made by the Cyberspace Solarium Commission -- which I co-chair with Republican Congressman Mike Gallagher-- made it into this year's defense bill. While there is no guarantee that these provisions would have prevented the massive hack, they will certainly improve our cyber defenses.

Despite the challenges, I'm hopeful for the future. Vaccines are being distributed across our state -- starting with our healthcare heroes, who have sacrificed so much throughout this unprecedented catastrophe and deserve our eternal gratitude. If there can be a silver lining from these challenges of 2020, maybe it will be this: I hope that, in the not-so distant future, we will be able to come together physically and we will be reminded of our love for each other. We have differences, without a doubt. But as Maine people stepped up to support each other, we saw again and again that our differences pale in comparison to the values we share. We are one state, and one community -- and there is nothing we cannot or will not do for each other. Mary and I wish you a happy and healthy 2021. We can't wait to see you soon.

Best Regards,

Angus S. King, Jr.

Dear Friends,

2020 has been a year of unconscionable loss and hardship. The COVID-19 pandemic has ravaged our nation, magnifying long-unaddressed inequities. I hear daily from constituents whose lives have been upended by the pandemic. As we navigate these ongoing challenges, my top priority in Congress has been to advocate for the resources Maine residents, businesses, and institutions need to weather this crisis.

In March, the CARES Act was signed into law, providing much-needed relief to Mainers, including expanded unemployment benefits, stimulus checks, grants and loans for small businesses and nonprofits, and funding for health care providers on the front lines of this crisis. As this crisis wore on, I saw increased need; that's why I voted for the Heroes Act in May and again in October to provide further support. I'm relieved we passed another relief package at the end of December, but I know another round of support is still much needed in the coming year.

The pandemic isn't the only crisis we face. Climate change threatens Maine's environment and industries. This summer, the Gulf of Maine recorded its hottest day, and we experienced the longest, most severe drought in 20 years. Maine farms continue to be stymied by climate change, but they can also play a crucial role in combatting it. In February, I introduced the Agriculture Resilience Act to ensure American agriculture is net-zero by 2045. The release of Maine's Climate Action Plan is a major step in the fight against climate change. I will continue to work with state leaders to ensure they have federal support to achieve this agenda.

2021 will offer different challenges. We must distribute a vaccine to millions, restore jobs, uplift the economy, and repair the divisions that undermine our ability to make meaningful change. I look forward to working with the incoming presidential administration to meet these challenges and emerge as a stronger, more resilient nation.

As always, the needs of Mainers guide my work as we recover from this crisis. If there is anything my office can do to help, please reach out.

Sincerely,

Chellie Pingree
Member of Congress

STATE OF MAINE
OFFICE OF THE GOVERNOR
1 STATE HOUSE STATION
AUGUSTA, MAINE
04333-0001

Dear Friends:

When I took the oath of office as Maine's 75th governor, I never imagined that we would face a deadly pandemic. For nearly sixteen long, difficult months under a State of Civil Emergency, it was my responsibility to guide our state, to keep Maine people safe and healthy, and to stabilize our economy.

Guided by science and expert advice, I am proud that our state implemented one of the nation's best COVID-19 responses. We have distributed billions of dollars in Federal aid to minimize economic disruption and to support our people and businesses, and we implemented tailored public health measures to protect the health of Maine people. Because of this work, Maine has one of the lowest COVID case, hospitalization, and death rates in the country and we have one of the highest vaccination rates in the nation. Our economy is on the path to recovery and my Administration continues to partner with the Legislature to advance measures that will support Maine people.

In July, joined by Republican and Democratic lawmakers, I signed into law a balanced, bipartisan budget that supports Maine people. For the first time in Maine's history, we are funding 55 percent of education costs, we are fully restoring revenue sharing with municipalities to five percent, and we are providing property tax relief to hardworking Maine families and seniors. The budget also increases the State's Budget Stabilization Fund, or Rainy Day Fund, to an historic high.

My Administration has worked with the Legislature to pass the Maine Jobs & Recovery Plan, an investment of more than \$1 billion in Federal relief funds to address economic development, workforce, and longstanding challenges. Drawing heavily from my Economic Recovery Committee and the State's 10-Year Economic Development Strategy, the plan supports Maine small businesses and heritage industries, encourages job creation, and invests in essential infrastructure – roads and bridges, broadband, affordable housing, and child care. Together, we will rebuild and strengthen our economy and rise from this unprecedented pandemic to be a stronger, better state than ever before.

The people of Maine have persevered and remained resilient, and I congratulate and thank you for all that you have done to protect yourselves, your loved ones, and your fellow citizens throughout this difficult time.

Sincerely,

Janet T. Mills
Governor

130th Legislature
Senate of Maine
Senate District 32

Senator Susan Deschambault
3 State House Station
Augusta, ME 04333-0003
(207) 287-1515

Dear Friends and Residents of Alfred,

Thank you for the opportunity to serve as your State Senator. I am honored and humbled by the responsibility of representing you, your families, and our community in Augusta. I promise to keep working hard to do just that.

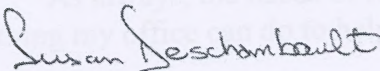

Despite the many challenges of the pandemic, the Legislature still accomplished much this session. In particular, I am very proud of the historic, bipartisan budget that passed this summer. The budget earned unanimous, bipartisan votes in the Legislature's budget committee and strong, bipartisan votes in both the Senate and the House.

Highlights from the budget include critical property tax relief, investments in Maine schools and teachers, and support for direct care workers and nursing homes. In regards to property tax relief, the budget makes good on the state's commitment to our cities, towns, and municipalities by fully investing in revenue sharing by the end of the biennium. This will raise municipal revenue sharing from 3.75% to 4.5% in Fiscal Year '22 and 5% in Fiscal Year '23. Additionally, the budget improved the Property Tax Fairness Credit by providing a one-time boost in the maximum benefit. The budget also changes eligibility for the program to provide property tax relief or rent relief to 83,000 Mainers.

Even with the COVID-19 vaccine rollout, people in Maine are still struggling. It is my utmost priority in this Legislature to support bills that help Maine families get back on their feet and invest in Maine so that we can have a stable future. We all need to work together to stay safe and get through this.

If you have any questions or concerns, I am always available to listen and to help when I can. Please email me at Susan.Deschambault@gmail.com or call my office at (207) 287-1515. I also encourage you to sign up to my emailing list to receive my regular legislative updates. You can do so at www.mainesenate.org.

Sincerely,

Susan Deschambault
Senate District 32

March 9, 2021

Town of Alfred, Maine

Annual Report

2020-2021

To the Community We Serve:

The Maine State Police Troop A is located at 502 Waterboro Road in Alfred, Maine. The State Police barracks consists of a Troop Commander, three Sergeants, three Corporals and fourteen Troopers who provide law enforcement services for five towns in York County (Alfred, Dayton, Hollis, Lebanon and Lyman).

Also assigned to the Troop A barracks are Detectives with the Maine State Police, Major Crimes Unit. These Detectives specialize in investigating homicides, suspicious deaths, sexual abuse and child abuse cases. All members of the Troop work closely with these Detectives to provide assistance and support when needed.

The State Police offer several other resources to the law enforcement and public safety platform for the town of Alfred and surrounding communities. The State Police specialty teams are the best in the state and include a Tactical Team, Evidence Response Team, Underwater Recovery Team, Bomb Team, Air Wing, Canine Team, Crisis Negotiation Team and the Incident Management Team. In addition to our specialty teams, the State Police Commercial Vehicle Enforcement Unit has several Troopers assigned to the York County area, which will assist patrol units when necessary.

The Town of Alfred should also be aware that Troop A now has two canine teams, two troopers assigned to the State Police Tactical Team, one drug recognition technician, two crisis negotiators and two firearms instructors.

During 2020 the State Police covered a total of 884 calls for service in Alfred. This is a decrease of 145 calls from the previous year. The impact of COVID-19 undoubtedly changed the number of calls for service received in Alfred in 2020.

The area of most concern continues to be the opioid epidemic that is afflicting New England, including the State of Maine. We are seeing more serious drug violations and are expecting there will be

continued problems in this area. Fortunately, the attention this issue is receiving from our state and national representatives should assist with our collective efforts to combat this ongoing threat to our communities.

Troop A will continue to provide patrol coverage for Alfred during 2021 with the use of special traffic details for OUI, distracted driving, seatbelt and speed enforcement. We also will continue to partner with our surrounding police agencies to assure collaboration and information sharing is maintained as an important part of our investigative and preventative efforts for Alfred.

During the past year, Troop A worked with the Selectpersons, community and businesses of Alfred to address issues impacting your community. The collaboration with all entities involved is a good example of assuring the citizen's safety through cooperation and community partnerships. A continued working relationship will assure the upcoming year will reflect our best efforts to keep Alfred safe.

If any citizen has questions regarding this report or any other related activity for the Town of Alfred, please feel free to contact us at the Troop A barracks in Alfred at (207) 459-1300. We can also be reached on the Maine State Police website at <https://www.maine.gov/dps/msp/> or follow us on our agency's social media feeds.

Sincerely,

Lt. Mark A. Holmquist
Troop Commander

RSU 57 prepares respectful, responsible and creative thinkers for success in the global community.

January 2021

To: Alfred Selectmen

I am pleased to report to your community the state of our schools. The information provided is for the current 2020-2021 school year and is inclusive of all schools and will include specific information pertaining to your community.

Curriculum/Programming: Let me start by saying that we recognize the hardships this situation has created for many families in our communities and the importance of the district's role in our communities. We would like to thank the community for its support during these exceptional times. While the challenges of this situation have presented unrest at times, we are grateful to our incredible staff, students, and families for keeping a steady course in supporting our primary purpose of offering high quality educational opportunities for all learners.

In March, along with the rest of the nation, RSU #57 experienced an abrupt disruption to school as we knew it. We are proud to have launched remote education within days of closing schools in the midst of incredible unknowns and that our educational opportunities were sustained daily for our learners as the 2019-2020 school year came to a unique close. All the while, our teachers and administrators worked to prepare our learners for a socially supported and academically informed return to the 2020-2021 school year.

After assessing the needs of our families for the 2020-2021 school year, we are incredibly pleased to be offering a 5-day-a-week in-person experience and a synchronous online instructional program for our families to select from in order to meet their own unique needs. The preparation and maintenance for this structure has meant that our entire staff have had to make significant changes to how they perform their responsibilities. We appreciate their courageous approach and the personal adjustments they are making to accomplish our responsibilities to the communities.

I would like to highlight examples of educational programming changes that are proving to meet our students' needs:

At our high school, a total of 265 students (30% of high school students) have been enrolled in 328 different Extended Learning Opportunities (ELO) during the Fall semester. This includes students taking independent studies, dual/concurrent enrolled courses, vocational placement, School-to-Work and personal learning plans. The high school has increased their dual and concurrent enrollment numbers from approximately 24 students in the Fall of 2018 to approximately 58 students enrolled in the Fall of 2019. We currently have a total of 84 students enrolled in a dual or concurrent enrolled course. This fall we introduced the School-to-Work program, a new program in the ELO program, that allows students to earn credit while working at local businesses. There are thirty-five students enrolled in this program who are able to earn credit for working while also following a curriculum that focuses on career/college readiness.

We are entering into our third (3rd) year of a transformation, in collaboration with the Maine Department of Education and Boston Public Schools, bringing nine (9) Pre-K classrooms with PreK for ME, twelve (12) K classrooms with K for ME, and eleven (11) classrooms with Focus on First. Our teachers have been the leaders in these efforts and have served as our trainers, as well as, supporting other Maine Districts looking to make the transformation to these programs with proven results.

We have installed state-of-the-art technology and eLearning resources to support all of our educators across the PK-12 continuum, allowing students and staff to engage in learning both remotely and in-person at the same time

Alfred - Limerick - Lyman - Newfield - Shapleigh - Waterboro

(synchronized). These projects were accomplished with state and federal funding sent to districts as COVID-19 Relief Funds (CRF). This model will allow us to continue to offer a similar approach next fall as we continue to transition and recover from the impact of the pandemic.

Finance and Budget: The School Board began the development of the fiscal year 2021-2022 budget in early January. The budget is developed annually based upon the district goals, needs as expressed by state and federal requirements, staffing needs which are necessary to achieve educational goals, facility maintenance plans as well as consideration of local economic conditions. The Finance Committee meets weekly from January through March to prepare a budget for the School Board's review and consideration. Historically budgets adopted by the School Board and approved by the voters of the RSU #57 communities have proven to be reliable and on target.

Facilities and Maintenance: The School Board and Finance Committee remain committed to reviewing and updating their annual and five-year facility maintenance plans. Given the number of buildings and also the aging nature of the District's facilities it is vitally important that they are cared for as efficiently as possible in an effort to keep unexpected repair costs to a minimum. We are extremely proud of our custodial, maintenance and grounds staff who work very hard to keep our facilities in terrific shape. The District continues to ensure that the buildings are well maintained through a structured approach to upgrades which includes roofing, leach fields, heating and ventilation systems, air and water quality, lighting and windows. The vast majority of these projects are completed through the District's annual budget or through the capital reserve fund. It is through this very structured approach that the District has been able to control repair and replacement costs and be as efficient as possible in using your local tax dollars.

Enrollment: The total enrollment for RSU #57 was **2,742** students in grades Pre-kindergarten through 12 based on the October 1 count. A total of **334** students from **Alfred** represent **12.2%** of the total district enrollment:

Alfred Elementary School (PK-5)	152
LINE Elementary School (PK-5)	1
Lyman Elementary School (PK-5)	2
Shapleigh Memorial School (PK-5)	0
Waterboro Elementary School (PK-5)	1
Massabesic Middle School (6-8)	84
Massabesic High School (9-12)	94

The total General Fund Budget for the 2020-2021 school year for RSU #57 is **\$44,968,547**. The Town of **Alfred's** local portion of this budget is **\$3,083,491**, which equals **11.38%** of the total local tax assessment and represents an increase in **Alfred's** local tax of **\$104,265** or **3.50%** over the 2019-2020 assessment. The district per pupil expenditure continues to be one of the lowest in the state, while the instructional programs and services continue to meet the needs of the students.

The current economic and social conditions we face require a strong cooperative effort between school and community to strengthen the educational purpose and meet the needs of our students. We welcome your participation in this process. School Board meetings are held on the second and fourth Wednesday of the month at 7:00 p.m. and a schedule of meetings can be found on our website or you can contact RSU #57's Central Office and we can provide you this information. Additionally, the District Budget Meeting is scheduled to be held on Tuesday, May 11, 2021 at the Massabesic Middle School at 7:00 p.m. We hope you can attend.

In closing, I would like to recognize the entire staff of RSU #57 for all their hard work and thank the communities of RSU #57 for their continued support. This has been a challenging time for everyone; however, we are optimistic about our future.

Respectfully submitted,

Larry Malone
RSU #57 Superintendent of Schools

SELECTMEN'S REPORT

"A year unlike any other." That phrase, or something similar, has been thought, spoken, or written countless times all over the world this past year, and it has not let up.

When a microscopic visitor from far away invaded, it changed the way the world functions, and Alfred is no different. Almost overnight every person, business, organization, family, and entity was challenged to function under a new, ever-changing, and unknown set of rules. What made it more difficult was the absence of a one size fits all reference manual. Solutions had to be made on the fly, and they could be satisfactory one day and obsolete the next.

Caution and safety were the focus of every decision. Alfred, like most municipalities, shut down functions that were non-essential. Every town wrote their own playbook using CDC guidelines and adapting it to their situation. After a brief shutdown to modify workstations, the important offices needed by the residents were kept open by appointment, and the essential services of safety and sanitation never ceased. The staff did a great job adapting. They never missed a beat registering cars, holding elections, issuing permits, paying bills, or responding to the many calls that come into Town Hall every day. Roads were repaired and maintained, and the snow was plowed. The library adjusted well, and curbside service was available to patrons. The Transfer Station never closed.

Our strategy worked, and we only experienced one small outbreak at Fire and Rescue that was quickly addressed with self-isolation and a recommended quarantine period. Fire and Rescue's service and professionalism were greatly appreciated.

Unfortunately, many tasks and activities were curtailed or halted. The playground and the basketball courts and tennis courts were closed. Alfred Festival Day was cancelled, and many programs for children were cancelled.

Another change was the work of the various committees. Those deemed essential because of time-sensitive tasks, such as the boards of Budget, Planning, and Zoning Appeals, did their job both in-person and via teleconferencing. Virtually all the others stopped meeting to avoid unnecessary contact.

The Selectmen met every week. At first it was via teleconferencing, but that was less than ideal. Important documents must be signed at almost every meeting, so we still had to go to Town Hall. We moved our meetings to the second floor with the big windows opened and fans blowing. We sat far apart, and nobody got sick.

We postponed the Annual Town Meeting as long as we could to see if the Governor increased the number of people who could attend a meeting. We solved the problem by meeting outside under a tent, and it went smoothly.

We strongly felt the uncertain economic outlook required discipline and caution when it came to spending. For the second year in a row, we would not raise taxes, but inevitably something had to give. In the past four years we had been exceeding our goal of paving over three miles a year but felt it was imperative to hit the pause button, and only repair patches were done. Fortunately, we are back on schedule this summer.

The problems always appear, and we had a rash of car break-ins, but diligent residents nipped it in the bud with locked cars, outside lights, and staying alert. The thief apparently moved on to greener pastures.

We still have occasional problems with dumping trash on lightly traveled roads, but when we are able to determine who it is, they are usually from another town.

Important tasks still got done. Some were small and barely noticed and some significant.

The voters approved a contract zoning proposal for the intersection of Routes 202 and 4, and work should begin shortly. This unused corner will see a project that adds to our tax revenue.

We signed a contract for snow plowing for the next three years.

We applied for and were awarded a Canopy Grant to help draft a plan to have a sustainable harvest at the Brothers Beach and Transfer Station. Both are badly overgrown and need thinning to renew the vitality of the forest. We also have a significant problem with invasive species at the Brothers Beach that will be addressed. The Brothers Beach has a large amount of Ash trees, and the Emerald Ash Borer pest is firmly established. Alfred has one of the larger outbreaks, and these trees need to be harvested before they die and while they have some commercial value.

We installed heat pumps on the second floor of the Town Hall and now have quiet air conditioning and heat and a much more comfortable room.

We started taking credit cards for virtually any transaction at Town Hall.

We will have a new waste management company starting this fall. We went with ECO-Maine. They gave us the best price, and they recycle a larger percentage of our waste stream.

It was a challenging year, and almost nothing about it was enjoyable for anyone; but our staff met the challenge, and the residents did their part. We are a smarter more resilient town because of it.

Respectfully,

Alfred Board of Selectmen
Tony Palminteri
Glenn Dochtermann
Rich Pasquini

Annual Report

For the Year Ended June 30, 2021

On this and the following pages the financial activity for the Town of Alfred is summarized by accounts and/or funds. While the summaries are detailed and offer a true and accurate listing, they are in no fashion to be considered "Financial Statements". The Town of Alfred's Financial Statements appear with our audit firms Independent Auditors Report in the back of the Town Report.

Plumbing permits issued	
23	Internal plumbing permits
22	Complete sub-surface waste systems
5	Sub-surface Wastewater Disposal Fields Only
1	Tank only
Total plumbing permit fees received: \$ 8,263.50	

Greetings Neighbors,

Another year has come and gone. With the pandemic situation over the past year, people out of work and the cost of building materials one might have thought that the code office would not have much activity. To the contrary, with people being home from work it seemed like a good time to tackle those long overdue home projects. Regardless of the high prices and shortages of building materials, this office still managed to permit 14 new homes. Ten to twelve homes is what we have been averaging for the past several years. The interesting thing is, the size and quality of the homes has been increasing. This increase seems to be a result of people fleeing urban areas.

As of July 1, 2021, the State of Maine has adopted the 2015 International Energy Conservation Code (IECC). The 2015 ECC will applied to all new homes and commercial buildings as well as any additions and renovations.

If you are considering any type of building or plumbing project, please contact this office to see if a permit is required.

This office appreciates your patience as we continue to navigate through challenges of this pandemic. If I can be of any help in any way, please do not hesitate to contact me.

Stay safe, stay well, Jim Allaire CEO/LPI

SOLID WASTE AND RECYCLING

The Zero Sort recycling is still working very well. We have had a lot of positive feedback from our residents on how easy it is to drop off their recycled items now. "One stop drop" is a convenient way to recycle instead of having to sort everything. Speaking of sorting, please be mindful that having your recyclables pre-sorted from your trash and other items helps move the traffic flow along without delays or congestion in the recycle building area. We also ask that you break down your cardboard boxes. Doing this will greatly help our employees be able to assist residents and attend to other jobs. We thank you for your cooperation.

This is a breakdown of costs for MSW and demolition. In 2020 the Town spent \$68,308.79 to dispose of its 907.57 tons of MSW (municipal solid waste). The disposal rate is \$75.11 per ton. The haul cost was \$12,882.97. The Town spent \$27,178.60 to dispose of its 338.52 tons of demolition. The rate for demolition costs \$80.19 per ton. The haul cost was \$10,227.32. In November 2020 there was a price increase per ton for both MSW and demolition disposal. The increase is due to our contract. The MSW was \$75.11 per ton and now is \$75.94. The demolition was \$80.19 per ton and now is \$81.07.

In mid-June 2021 the transfer station started taking Freon containing items, such as air conditioners, dehumidifiers and refrigerators. There is a \$10 fee per item as it costs to dispose of these items. We have been very successful in providing residents with over 300 yards of free erosion control woodchips.

Just a reminder about our free PaintCare program, where you can drop off good architectural paints to be used by someone else who needs it. As well as dispose of any waste paint in a safe and environmentally friendly way. Feel free to ask attendants about how it works!

We get many compliments on how helpful the staff are to our residents. Thank you all for a great job!! The Treasure Chest continues to be an asset to residents looking for usable household and miscellaneous items.

The following chart are the totals for the calendar year 2020 not fiscal year 2020-2021. The State of Maine requires our annual state report be for current calendar year.

SUMMARY REPORT 2020	Tonnage	Expense	Income	Net
Compactor	907.57	\$81,191.76		-\$81,191.76
Single Stream Compactor	190.58	\$27,385.53		-\$27,385.53
Demolition/Mattresses	338.52	\$37,405.92	\$2,905.00	-\$34,500.92

PARSONS MEMORIAL LIBRARY

The year of 2020-2021 was one overshadowed by the continuing Covid-19 pandemic.

Beginning in late-June 2020, staged reopening plans were created, and curbside pickup subsequently began on Mondays. Children's Librarian Caley, with the help of the Friends of PML, started a Summer Reading Program with the theme 'Imagine Your Story'. A choice of craft kits (for toddlers or children), and a how-to movie were created weekly. PML used the reading-tracking app Beanstack, which is available with generous support from the Maine State Library. The Friends also received a \$500 grant for PML's Summer Reading program.

Virtual programming was held over the fall and winter. This included a reading of *Stamped by Ibram X. Kendi*, PML's regular book club, story time, craft nights, and a virtual Halloween costume parade.

In-person services began on August 1st, 2020. Safety was our utmost prerogative in our early stages of reopening the building to the public. In the library community in general, there was much discussion on the transmission of Covid-19 from different surfaces. It was not until May 2021, did PML stop quarantining books and heavily disinfecting all surfaces every day.

Caley started off 2021 with a STEM Lego Maker Box challenge for children ages 5-12. Children's craft bags were also available at regular intervals through curbside pickup.

In March, the Alfred Selectmen approved a new website for PML. Please visit us at parsonsmemorallibrary.com. There, you will find upcoming events, news, and other library information. This month, we also welcomed Chewonki as they gave a virtual presentation on the Owls of Maine. Included were 3 live owl guests!

In April, the PML Board of Trustees voted to prune the large sugar maple on Kennebunk Road one last time, with the expectation that the tree will be removed this winter. After a professional assessment, this sugar maple is dying of road salt exposure. We at PML are saddened by this, but would like to preserve the memory of the tree as best we can. Later this year (date TBD), PML will host an art exhibition honoring the tree: *Ode to the Old Sugar Maple*.

In June, PML hosted a virtual lecture as part of Maine Humanities Council's 'World in Your Library' speaker series. Historian/Educator

Paul Buck from UMaine Fort Kent gave a lecture of the Webster-Ashburton Treaty of 1842. This month we also hosted the Animal Welfare Society as they came to give a talk to children about their organization. We even got a surprise visit from therapy cat Mickey!

Starting May 24th, the State of Maine Covid-19 regulations changed. The library doors are unlocked, and patrons may once again browse the shelves without making a reservation. Masks are not required if patrons have been fully vaccinated. In our first few weeks alone, we have seen hundreds of patrons! Many of our patrons are new residents. PML averages a new patron about once per day!

Our quarantine projects of weeding and organizing continue! We'd like to thank our volunteers who have re-shelved books, deleted items from the catalog, and tended to our garden! You have been a huge help!

Earlier this year, the PML Board of Trustees gave us permission to purchase \$5000 worth of new Children's Non-Fiction books. Those books were purchased with funds from the Jose Fenderson Trust. With this money, we were able to purchase almost 550 new titles. We highly encourage all parents and guardians to come check them out, especially if they are homeschooling children! We would like to thank the Trust for helping fund all programming/events in-person, and remote.

Please contact the librarians if you have any questions regarding current Covid-19 protocols.

Our current hours are:

Monday: 11am - 6pm

Tuesday: 10am - 4pm

Wednesday: 11am - 6pm

Saturday: 10am - 3pm

ROAD COMMISSIONER

Unfortunately there is not a lot to talk about for road work and road improvements during the fiscal year of 2020/2021. There was a very large cut to the 2020/2021 budget (\$450,000.00) that would have been used for paving and major road improvements.

We spent the year doing ordinary maintenance on the roads consisting of a lot of patching, shoulder repairs, brush cutting, and general maintenance.

I would like to thank the people that help me with this road work, they are devoted and are always willing to help. I'm lucky to have their support.

Given the conditions of these roads and traffic volume that we see nowadays let's hope there are no more cuts like this to the budget.

I will continue to do the best job possible with the funds allocated for roads.

Respectfully submitted,

Jon Lord
Road Commissioner

ZONING BOARD OF APPEALS

The Zoning board of Appeals had a very active year. We held 13 meetings with five of them including public hearings and two others with continuation of public hearings. We ventured out on two site walks. These meetings, public hearings and site walks were held to resolve three variances, one reconsideration of a variance decision and three administrative appeals. The outcomes were two variances approved, one variance denied, the reconsideration request for a variance was approved with additional conditions set forth, two administrative appeals were denied with one administrative appeal in process.

Respectfully submitted,

Julie Gerrish, Acting Chair
Rick Carter

BUDGET COMMITTEE

The budget committee started meeting "in-person" on February 22, 2021 to begin the work of making recommendations for the June 8, 2021 Town Meeting vote to set the 2021/2022 fiscal budget. This was opposed to the prior year when our meetings were anything but normal, when we held virtual Zoom meetings, in-person and a hybrid combination.

We were able to finish our work on April 20, 2021 at a joint meeting with the board of Selectmen. The proposed budget that came from this final meeting included restarting our roadway paving program that had been paused in the previous budget cycle due to COVID-19 revenue concerns. We also recommended setting aside funds to do some much needed roadwork on Old Kennebunk Road.

Although as submitted this proposed budget would require an increase in the mil rate when taxes are committed in mid-2021, it will not rise to the State mandated LD 1 property tax threshold, which would require additional voter approval.

The committee would like to thank all of the departments and committees for their continued fiscal responsibility to ensure that the Town of Alfred does continue to offer all necessary services and programs to our residents while at the same time not being a burden on the individual taxpayer.

Respectfully,

Fred Holt

Lee Steele

Joe Olszewski

Harold Metcalfe

ALFRED FIRE & RESCUE

First, I would like to thank all the citizens of Alfred for their support of the Alfred Fire and Rescue. I would also like to thank the firefighters and emergency medical technicians for their commitment to assisting the residents of the town of Alfred and mutual aid communities, especially through this trying year with Covid-19.

We had a total of 681 calls for service this year which is up another 20 calls from last year, only 1 of which we were not able to respond to due to staff being on other calls or unable to staff apparatus. We did respond to 418 EMS calls, 180 fire related, 39 motor vehicles crashes, and 44 other calls for service.

It has been a year now, and we are still dealing with Covid-19. We are still moving along with our mandates and, as you know, we have all been hit differently when the pandemic happened last March. The Alfred Fire and Rescue has and will always continue to respond to calls no matter what the circumstance. Our job is to provide outstanding medical and fire coverage to the great citizens of Alfred. When we are unable to respond our mutual towns have our backs just like we have theirs. We may look different now due to wearing N95 masks and glasses when coming to your house. This is a Maine EMS requirement to keep our members and the community safe. We have been helped with supplies from York County EMA.

In the last year we have been added to Sanford's Run cards, 1st due on any reported building fire. So, you may see our trucks go that way a little more. They are always helping us out between fire and ambulance services.

Reminder, if you need a burning permit, you can obtain it at www.wardensreport.com.

The town of Alfred has a subscription service for the ambulance for only \$25 paid annually. This by no means is a must. We will respond if you call 911 no matter what. What the subscription does offer is it covers any amount you owe after your insurance has been paid. This is only for when Alfred or Waterboro ambulance transports you though. This donation helps cover the town and supplements our budget for EMS supplies. Subscription forms will be coming out in December so watch your mail. It may look like junk mail.

With this coming year I am happy to let you all know we are now staffed with 2 people on 24 hours a day, 7 days a week. We still only have 1 full time Firefighter/EMTs. The rest is staffed with per diem Firefighter/EMT's.

We are looking forward to a great year with a great staff of Firefighters and EMTs willing and wanting to help you as needed. If you have any questions, please contact the fire department.

Respectfully submitted,

Chief Christopher Carpenter

Emergency responses for past fiscal year.

- 17 Motor Vehicle Accidents
- 1 Chimney Fires
- 6 Structure Fires
- 6 Fire/Smoke Investigations
- 5 Station Coverage
- 9 Brush/Woods Fire
- 8 Tree/Wires Down
- 1 EMS Assist

Calls per town

14-Waterboro; 10-Alfred; 26-Shapleigh; 1-Newfield; 2-Hollis

Ross Corner Fire Company responded to 53 calls in the past fiscal year.

Although most of our equipment is in current and in excellent condition, communication equipment in both engines along with portable radios for members were all upgraded. This year we also replaced emergency lighting on both trucks, increasing visibility and safety of our crews and the public while responding to scenes and operating at emergencies.

I would like to congratulate Firefighter Johnson on his completion of the York County Chiefs Association Firefighter 1 & 2 program, becoming a pro board-certified fire fighter. With his certification, Ross Corner Fire Company now has 7 interior qualified firefighters.

Special thanks to the communities of Waterboro, Alfred, and Shapleigh; your continued, generous support provides us with the resources required to provide effective fire protection and public safety.

Finally, I would like to thank Chief Delapp (Ret.), Assistant Chief Rogers, and the members of the Ross Corner Fire Company for making my transition to the chief role seamless.

Sincerely,

Ethan Hunt
Fire Chief
Ross Corner Fire Company

PLANNING BOARD

July 1, 2020 through June 30, 2021 has been a year of learning to adjust to new and challenging experiences. As the Planning Board, we made every effort to conduct business and at the same time, staying safe and also keeping the public that we interface with safe. When mask wearing was appropriate, we asked those attending our meetings to comply.

We received several land use applications during the year. The majority (6) were concerned with home occupations. Residents are wanting to work from their home in a variety of low-impact businesses.

Minor subdivisions or a revision to a previously approved subdivision played a smaller role in our land use activities. When we evaluate these smaller subdivisions, we use the same criteria that we use to evaluate larger subdivisions. This has brought about situations that are not equitable. We will be looking to modify certain ordinances for smaller subdivisions that are more fitting for the impact they have on the community.

Sometimes, the town has an opportunity to modify the current zoning ordinance to allow a land use in an area that would not normally have been allowed. The applicant must show that the proposed changes would benefit the town. Both the Planning Board and the Board of Selectmen must approve the changes to the ordinances and then the Alfred residents must approve. Such was the case on a parcel of land at the corner of Route 202 and Route 4. The applicant is proposing a 55+ apartment complex plus a multi-unit storage facility. The town voted to approve this proposed use. This application is still in its early stages.

Our final application for this fiscal year was from an individual who wants to renovate the old jail into apartments and a coffee shop. This should prove to be a great improvement to that area. This will be an interesting project to follow as it progresses.

The Board continues to evaluate all land use applications in a very thorough and objective manner. We thank our Code Enforcement Officer for his continued cooperation in evaluating each application.

Thank you to John Ibsen for your contributions to the Planning Board. We wish you well in your future endeavors.

Respectfully submitted,

Al Carlson, Chair
Elissa Brewster, Vice-Chair
Mike Cerbone, Secretary
Bill Roberts
Stephen Gile
John Ibsen
Dorothy Guinard

VETERANS COMMITTEE

Once again the Alfred Veterans Committee had the privilege of honoring veterans interred in Alfred with the placement of flags. Interred in Evergreen Cemetery this fiscal year were:

John David Carter III, DOD Sept. 20, 2020, H. Chester Brown, DOD Oct. 1, 2020, George G. Benvie DOD Aug. 15, 2020

We are pleased to announce that the 2020 Alfred Veterans Committee Scholarship was awarded to Isabelle Hurlburt. This year's award totaled \$447. Dr. Dennis Brewster's annual contribution to the Scholarship Fund is gratefully acknowledged. The Alfred Veterans Committee and others also contributed. The scholarship fund totals \$28,293.44 [as of June 30, 2021].

Nathan Hanson Roberts was born in Alfred, Aug. 12, 1830, the son of Paul and Anna Roberts. In 1855, the census finds Nathan living in Topsfield, Massachusetts with his brother Peter W. Roberts. Like many others, Nathan had left Maine to work in the shoe industry in Essex County. Nathan married and had at least three children.

Nathan's age and family responsibilities cautioned him about enlisting in the Civil War but, finally Nathan was drafted May 2nd, 1864, and mustered into the 19th Massachusetts Volunteers. Nathan Roberts' contingent of about 70 new recruits were rushed to the front with virtually no training before joining the regiment. Officers moaned, "Not half of them could speak or understand the English language, and Bill taught them by the kindergarten method. Standing in front he would say, "Look at me. Put on your bayonets, put 'em on." He would go through the motions, they following." Nathan joined his company and marched 25 miles, entering the battle lines around Petersburg Va.

On the morning of June 22, 1864, the 19th Mass. engaged the enemy in a sharp fight called the Battle of Jerusalem Plank Road. Disastrous command decisions and miscommunication resulted in the capture of the entire 19th Mass [153 souls], together with the five other Union companies, sixteen hundred men in all.

The prisoners were loaded into box cars and journeyed southward to their ultimate destination-Andersonville Prison in Georgia. It was at Andersonville on July 25, 1864, only two months and twelve days after leaving his home in Topsfield that Nathan Hanson Roberts died of starvation and was buried in a mass grave. Years later, a captain in the 19th Massachusetts recalled Nathan's service, "Nathan H. Roberts served with me in the old 19th Massachusetts and starved to death in a rebel prison rather than renounce the oath of allegiance to the Union and take the oath of the Southern Confederacy." Nathan was one of nearly 13,000 who died at Andersonville from disease, poor sanitation, malnutrition, overcrowding, or exposure. A memorial stone in Topsfield's Pine Grove Cemetery marks the passage of this loyal son of Alfred.

A heartfelt Thank You to all veterans for their service to our country.

Respectfully submitted,

Bruce R. Tucker, Chair,

Tammy Chadbourne, Alden Gile, Ron Ouellette, Donna Pirone, Thomas Plummer & Jack Scott

BROTHERS BEACH

The Project Canopy grant that Bothers Beach has been awarded to help address the Emerald Ash borer and ground invasive plants has been finalized. The plan is to harvest in either frozen or dry conditions with the desire to reduce forest ground impact. Adjustments in harvesting time frame may be necessary. Harvesting of Ash trees and other compromised trees have tentatively been planned for the winter of 2022. The focus will be to maintain a healthy tree canopy over the harvest area north of the Beach entry road. Managing how and when ground invasive plants will be managed is currently in discussion (as of the end of July 2021). Contact the Brothers Beach Committee for more current information.

The Committee is also continuing the process of planning and building a replacement pavilion in the park area near the pond. Construction is anticipated for spring 2022. We are still collecting donations for this project. If you would like to make a donation, you may send one to the Alfred Town Hall with the memo "Brothers Beach Town Park; Pavilion Project".

Visit our Facebook page: "Brothers Beach" (Brothers Beach Town Park)

We are happy to see many of our residents enjoying this unique and peaceful town park.

Respectfully submitted,

Chad Perry, Chairman

FUELING FEBRUARY

The Fueling February emergency heating fuel assistance program continues to be a very important program for those needing emergency fuel assistance during the winter months. In the 2020/2021 heating season this program has provided heating fuel for 21 households in our community. The amount of assistance totaled \$8,306.10 averaging \$395.53 per household.

For those of you who contribute monetarily or by turning in your bottles and cans **WE THANK YOU!** Every nickel counts. All monies collected goes to the Fueling February fund! So, all you have to do is drop them at the various areas such as the Fueling February trailer located at the transfer station, the Fueling February shed located at the Alfred Parish Church parking lot or the drop off receptacle located in the front entrance of the Town Hall.

If you know of an Alfred resident who may be in need of emergency fuel assistance please encourage them to apply. They can come into the Town Hall and fill out an application or visit our website www.alfredme.gov and at the left side of the web page click on "Announcements and other Information" tab and locate the Fueling February tab. There you will find the Fueling February policy, income guidelines and application.

We are still "making a difference, one nickel at a time".

Respectfully submitted,

Arlene Carroll
Donna Pirone
Lisa Cook

HISTORICAL COMMITTEE

As with many town activities, the virus pandemic curtailed many of the events usually held by the Alfred Historical Committee. Very few meetings were held and the Village Museum did not open last summer. Thus, the Bicentennial of Maine's statehood exhibit slated for last year will appear this year.

Alfred played an important role in the separation of Maine from Massachusetts in 1820, primarily because the architect of the separation plan was carried forward by Alfred lawyer John Holmes who was serving as a Massachusetts Representative to Congress at the time. Because Congress was evenly divided between slave states and Free states, separation required Maine enter the union as a free state and another state be admitted as a slave state. The other state admitted with Maine was Missouri and the process of Maine's statehood became known as the Missouri Compromise.

Seeking guidance in the statehood process, John Holmes wrote letters to founding father Thomas Jefferson who shared his thoughts on slavery and the deep divisions it was causing in American Society, an issue Jefferson rarely addressed. Jefferson feared that national politics were so divided, the nation might not survive and the work of the founding fathers would be undone. The divisions were resolved only by a bloody Civil War forty years later, proving Jefferson's fears were justified. Transcripts of the letters are on display at the Village Museum along with items that recall the way life was in 1820 in Alfred.

In 1820, political passions ran high and national politics were driven by party extremists. [Does this sound familiar to 2021 ears?]. Because John Holmes, a Northern Congressman, voted to admit Missouri as a slave state, he was painted as traitor to his party by radical abolitionists and literally found his name on a Black List. The good citizens of Maine saw the slur for what it was and elected Holmes the first Senator from the new State of Maine in 1820. He served in the US Senate 1820 to 1827 and again 1829 to 1833. He retired to Alfred and built the Bow and Arrow House situated next door to DeWolfe and Wood Booksellers.

The Committee is very grateful for the continued support and interest that Alfred citizens have regarding the town's history. Please visit the Alfred Village Museum. If you have an interest in serving on the committee, please volunteer... we are always looking for new members.

We must note the passing this year of long time loyal committee member Bruce Gile. He is missed.

Respectfully submitted,

Bruce R. Tucker, Committee Secretary

Allison and Almon Williams, Patrick Orr, Bruce Tucker, Marge Anderson & Donna Dorian.

Independent Auditors' Report

**To the Selectboard
Town of Alfred
Alfred, Maine**

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Alfred, Maine, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Alfred, Maine, as of June 30, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the Schedule of Changes in the Town's Total MMEHT Plan OPEB Liability and Related Ratios, the Notes to the Schedule, the Schedule of the Town's Proportionate Share of the Net Pension Liability, the Schedule of Town Contributions and the Notes to these Schedules, as noted in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Alfred, Maine's basic financial statements. The combining and individual nonmajor fund financial statements and other schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Purdy Powers & Company

Portland, Maine
September 16, 2021

Town of Alfred
Office of The Selectmen
P.O. Box 850
16 Saco Road
Alfred, ME 04002
324-5872 x202

As management of the Town of Alfred, Maine, we offer readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the year ended June 30, 2021. The Town's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section.

Financial Highlights

The Town's assets exceed liabilities by \$3,603,943 as of June 30, 2021, compared to \$3,235,445 as of June 30, 2020.

The Town's governmental funds General Fund Balance on a budgetary basis was \$586,533 as of June 30, 2021, compared to \$146,188 as of June 30, 2020.

Overview of the Financial Statements

The Management's Discussion and Analysis introduces the Town's basic financial statements. The basic financial statements include three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. The Town also includes in this report supplemental information to the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements include a Statement of Net Position and a Statement of Activities. These statements provide information about the activities of the Town as a whole and present both a long-term and short-term view of the Town's finances. Financial reporting at this level is similar to the accounting used by most private-sector companies.

The Statement of Net Position includes all assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference reported as net position. Over time, increases or decreases in the Town's net position are one indicator of whether its financial health is improving or deteriorating. Evaluation of the overall economic health requires other non-financial factors, such as changes in the Town's property tax base and the condition of the Town's roads, as well as many others.

The Statement of Activities reports the year change in net position. This statement includes all of the year's revenues and expenses regardless of when cash is received or paid.

Management's Discussion and Analysis - Continued

Town of Alfred, Maine

The Statement of Net Position and the Statement of Activities consist of:

- Governmental activities: Most of the Town's basic services are reported here, including the general administration, public safety, public works, health and sanitation, community services, library, and recreation. Property and excise taxes, rescue service revenue, and intergovernmental funds finance most of these activities.

Fund Financial Statements

For governmental activities, these statements focus on how services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Town's operations in more detail than the government-wide statements by providing information about the Town's most significant funds. The remaining statements provide financial information about activities for which the Town acts solely as a trustee or agent for the benefit of those outside of the government.

Financial Analysis of the Town as a Whole - Government-wide Financial Statements

The following schedule is a summary of net position as of June 30, 2021 and June 30, 2020:

	<u>2021</u>	<u>2020</u>	<u>Change</u>
Governmental Activities			
Current and other assets	\$ 1,468,794	\$ 1,021,532	\$ 447,262
Capital assets	<u>2,543,318</u>	<u>2,666,060</u>	<u>(122,742)</u>
Total Assets	4,012,112	3,687,592	324,520
Deferred outflows related to OPEB	10,801	10,406	395
Deferred outflows related to pensions	<u>125,233</u>	<u>72,935</u>	<u>52,298</u>
Total Deferred Outflows	136,034	83,341	52,693
Other liabilities	125,103	102,908	22,195
Long-term liabilities	<u>366,685</u>	<u>357,765</u>	<u>8,920</u>
Total Liabilities	491,788	460,673	31,115
Deferred inflows related to OPEB	50,651	61,791	(11,140)
Deferred inflows related to pensions	<u>1,764</u>	<u>13,024</u>	<u>(11,260)</u>
Total Deferred Inflows	52,415	74,815	(22,400)
Net investment in capital assets	2,428,692	2,502,048	(73,356)
Restricted, expendable	343,751	350,990	(7,239)
Restricted, nonspendable	22,500	22,500	-
Unrestricted	<u>809,000</u>	<u>359,907</u>	<u>449,093</u>
Net Position	\$ <u>3,603,943</u>	\$ <u>3,235,445</u>	\$ <u>368,498</u>

Management's Discussion and Analysis - Continued

Town of Alfred, Maine

Total assets increased due to more cash, collected throughout the year, on hand at year end. Total liabilities increased slightly because year-end accounts payable and accrued payroll were higher than the previous year. These two factors resulted in a significant increase in available funds for future use.

The following schedule is a summary of the statement of activities for the years ended June 30, 2021 and June 30, 2020:

	<u>2021</u>	<u>2020</u>	<u>Change</u>
Governmental Activities			
Revenues:			
Program revenues:			
Charges for services	\$ 276,611	\$ 249,756	\$ 26,855
Operating grants and contributions	66,814	64,253	2,561
General revenues:			
Property taxes	4,466,452	4,546,125	(79,673)
Excise taxes	788,031	772,538	15,493
Intergovernmental	560,753	397,335	163,418
Other	118,110	137,290	(19,180)
Total Revenues	<u>6,276,771</u>	<u>6,167,297</u>	<u>109,474</u>
Expenses:			
General			
General government	810,952	792,839	18,113
Public safety	722,571	697,995	24,576
Public works	679,764	1,134,780	(455,016)
Health and sanitation	282,855	275,968	6,887
Community services	5,065	16,210	(11,145)
Recreation	21,333	20,720	613
Cemeteries	6,180	6,180	-
Welfare	5,120	10,895	(5,775)
Library	102,142	85,005	17,137
County tax	163,480	155,764	7,716
Education	3,103,123	3,000,015	103,108
Unclassified	5,275	14,945	(9,670)
Interest on long-term debt	413	6,038	(5,625)
Total Expenses	<u>5,908,273</u>	<u>6,217,354</u>	<u>(309,081)</u>
Change in Net Position	<u>\$ 368,498</u>	<u>\$ (50,057)</u>	<u>\$ 418,555</u>

Revenue increased from the prior year due to a higher reimbursement from the State on the Homestead exemptions as well as an increase in Revenue Sharing from the State. Although RSU #57 expenditures continue to increase, the overall expenses decreased due to the Town pausing its' road paving program for one year due to the uncertainty in the economy due to COVID-19.

Management's Discussion and Analysis - Continued

Town of Alfred, Maine

Financial Analysis of the Town's Funds - Fund Financial Statements

Our analysis of the Town's major funds begins with the fund financial statements and provides detailed information about the most significant funds-not the Town as a whole. Some funds are required to be established by State law. However, many other funds are established to help control and manage money for particular purposes or to show the Town is meeting legal responsibilities for using certain taxes, grants, and other money. The Town reports governmental funds.

- **Governmental funds** - Most of the Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Town's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. We describe the relationship, or differences, between governmental activities, reported in the Statement of Net Position and the Statement of Activities, and governmental funds in reconciliations on pages 7 and 9 of the financial statements.

Current year budgetary revenues in the general fund were made up of the following:

Property and excise taxes paid directly by the Town's people combine to account for well over 80% of total revenues, although the Town did receive slightly more funding from the State of Maine.

Management's Discussion and Analysis - Continued

Town of Alfred, Maine

Current year expenditures in the general fund were made up of the following:

As a percentage of expenses, the combination of the County of York and RSU #57 continue to account for over 55% of expenses, leaving less than 45% of all expenditures to operate the Town.

Capital Assets

At the year end, the Town had \$2,543,318 in capital assets, net of accumulated depreciation, compared to \$2,666,060, last year.

As a part of the upkeep with our assets the Town replaced the boiler in the Library and added two heat pumps in the second story of the Town Hall. We continue to depreciate our assets using the straight-line method over time, which resulted in the decrease in total capital assets.

Management's Discussion and Analysis - Continued

Town of Alfred, Maine

Long Term Liabilities

At year-end, the Town had \$0 in outstanding bonds and \$141,757 in capital lease obligations compared to \$60,000 and \$190,360 respectively, last year.

The Town continues to pay down its' Long Term Debt as the Transfer Station Bond was paid in full and the current lease obligations were paid. No new bond or lease obligations were entered into that effected the current year.

Budgetary Highlights

The budget to actual statement appears on page 10.

With the adoption of the budget the Town expected expenses to exceed revenues by approximately \$192,000, but with careful monitoring and the impact COVID-19 had on the economy, revenues actually exceeded expenses by more than \$460,000.

Economic Factors and Next Year's Budgets and Rates

The upcoming budget process has not started yet but careful consideration will be given to the impact the budget will have on next year's tax rate, given the still uncertain effect COVID-19 could have.

Contacting the Town's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Town Office at 324-5872. Citizens are welcomed to visit with the appropriate staff on any financial matters.

**Reconciliation of Governmental Funds Balance Sheet
to the Statement of Net Position**

Town of Alfred, Maine

As of June 30, 2021

Total Fund Balances - Governmental Funds **\$ 1,256,731**

Amounts reported for governmental activities in the Statement of
Net Position is different because:

Capital assets used in governmental activities are not financial
resources and therefore are not reported as assets in governmental
funds. The cost of capital assets, net of accumulated depreciation is: 2,543,318

Property tax revenues and rescue revenues are presented on the
modified accrual basis of accounting in the governmental funds
but in the Statement of Activities, property tax revenue and rescue
revenue is reported under the accrual method. The balances in
unavailable revenue in the governmental funds as deferred inflows are:

Property taxes	\$ 82,147	
Rescue revenue	<u>9,613</u>	
		91,760

The following deferred outflows below are not current assets or
financial resources and the following deferred inflows are not current
liabilities due and payable in the current period and therefore are not
reported in the Balance Sheet:

Deferred outflows related to OPEB	10,801	
Deferred inflows related to OPEB	(50,651)	
Deferred outflows related to pension	125,233	
Deferred inflows related to pension	<u>(1,764)</u>	
		83,619

Long-term liabilities are not due and payable in the current period
and therefore are not reported as liabilities in the funds. Long-term
and related liabilities at year-end consist of:

Capital lease obligations	(141,757)	
Accrued interest payable	(4,800)	
Net OPEB liability	(64,481)	
Net pension liability	<u>(160,447)</u>	
		<u>(371,485)</u>

Net Position - Governmental Activities **\$ 3,603,943**

See accompanying independent auditors' report and notes to financial statements.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Town of Alfred, Maine

As of June 30, 2021

Net Change in Fund Balances - Total Governmental Funds

\$ 453,696

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense differed from capital asset additions in the current period:

Additions to capital assets	\$ 21,975	
Depreciation expense	<u>(130,610)</u>	(108,635)

Governmental funds report the sale of capital assets as revenues. However, in the Statement of Activities, the sale of those assets is recognized as a gain or loss, depending on the sale and accumulated depreciation amounts.

Proceeds from sale of capital assets	-	
Gain on disposition of capital assets	<u>(14,107)</u>	(14,107)

Property tax revenue and rescue revenue are presented on the modified accrual basis of accounting in the governmental funds but in the Statement of Activities, property tax revenue and rescue revenue are reported under the accrual method. The current period change in unavailable revenue - property tax revenue and rescue revenue reported in the governmental funds and not in the Statement of Activities is:

Property tax revenue	(37,468)	
Rescue revenue	<u>7,239</u>	(30,229)

Bond proceeds, issuance of long-term debt and entering into capital lease obligations provide current resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of debt and capital lease obligation principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. The following is the amount of long-term debt and capital lease obligation repayments net of proceeds of long-term liabilities in the current period:

Principal portion of debt service payments	60,000	
Principal portion of capital lease obligations	<u>48,603</u>	108,603

Some expenses reported in the Statement of Activities do not require the use of current financial and therefore are not reported as expenditures in the governmental funds.

Change in accrued interest payable	1,600	
Adjustment to OPEB	2,463	
Adjustment to pension expense	<u>(44,893)</u>	(40,830)

Change in Net Position of Governmental Activities

\$ 368,498

See accompanying independent auditors' report and notes to financial statements.

Notes to Financial Statements

Town of Alfred, Maine

Note A - Summary of Significant Accounting Policies

The Town of Alfred, Maine (Town) was incorporated in 1794 under the laws of the State of Maine and operates under a Selectboard - Town Meeting form of government. The accounting policies of the Town of Alfred conform to generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established in GAAP and used by the Town are discussed below.

Principles Determining Scope of Reporting Entity

The basic financial statements include the accounts of all Town operations. The criteria for including organizations as component units within the Town's reporting entity, as set forth in GAAP include whether:

- the organization is legally separate (can sue and be sued in their own name)
- the Town holds the corporate powers of the organization
- the Town appoints a voting majority of the organization's board
- the Town is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the Town
- there is fiscal dependency by the organization on the Town

Based on the aforementioned criteria, the Town of Alfred has no component units.

Basis of Presentation

Government-wide Financial Statements

The statement of net position and statement of activities report information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for services for support. Currently, the Town has no business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The Town does not allocate indirect expenses to functions in the statement of activities. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Notes to Financial Statements - Continued

Town of Alfred, Maine

Note A - Summary of Significant Accounting Policies - Continued

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the Government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which are considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, and expenditures.

Governmental Activities

Governmental funds are identified as either general, special revenue, capital projects, or permanent funds based upon the following guidelines.

The *General Fund* is the operating fund of the Town and is always classified as a major fund. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds are used to account for the proceeds of specific sources (other than major capital projects or expendable trusts) that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - Capital Projects Funds are used to account for financial resources segregated for the acquisition or construction of major capital facilities other than those financed by proprietary funds and trust funds.

Permanent Funds are used to account for resources legally held in trust. All resources of the fund, including any earnings on invested resources, may be used to support the organization as stipulated by the specific trust instrument.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting is related to the timing of the measurements made, regardless of the measurement focus applied.

Notes to Financial Statements - Continued

Town of Alfred, Maine

Note A - Summary of Significant Accounting Policies - Continued

Basis of Accounting - Continued

Accrual

The governmental activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Modified Accrual

Governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt is recognized when due.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Investments

The Town follows GASBS No. 31, Accounting and Reporting of Certain Investments and External Investment Pools. Under GASBS No. 31, certain investments held by governments are reported at their fair value in the balance sheet. Fair value for investments are determined by quoted market values, except that fair value for the real estate investment trust investment is determined by reference to the current offer price for a new share from the issuer. Unrealized gains and losses are included in the statement of revenues, expenditures and changes in fund balance.

Inventories

Inventories of supplies are considered to be expenditures at the time of purchase, except that the Town's policy is to carry forward the balance of sand/salt as an asset until used. The amount of supplies held at year-end is estimated by management and reported at cost.

Notes to Financial Statements - Continued

Town of Alfred, Maine

Note A - Summary of Significant Accounting Policies - Continued

Accounts Receivable

Accounts receivable are stated at the amount the Town expects to collect from outstanding balances. Town management closely monitors outstanding balances and records an allowance for doubtful accounts as necessary based upon historical trends of bad debts as well as a detailed review of current year receivables and their aging.

Capital Assets

In the government-wide financial statements, capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line method. Estimated useful lives are as follows: buildings and improvements, 5 to 40 years; infrastructure, 5 to 40 years; equipment, 5 to 20 years; library books, 10 years; and vehicles, 15 years.

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets are not capitalized and related depreciation is not reported in the fund financial statements.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums are deferred and amortized over the life of the bonds using the straight-line method. Bond issuance costs are reported as an expense in the period incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows and Inflows of Resources

In addition to assets, the statement of net position and the governmental funds balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until that time. The Town has two items that meets this criterion: 1) the deferred other postemployment benefits (OPEB) related to the Town and 2) deferred pensions. Both items are reported in the statement of net position.

Notes to Financial Statements - Continued

Town of Alfred, Maine

Note A - Summary of Significant Accounting Policies - Continued

Deferred Outflows and Inflows of Resources - Continued

In addition to liabilities, the statement of net position and the governmental funds balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The Town has two types of items: 1) unavailable revenue, which results from both property taxes and rescue revenue, which arises under the modified accrual basis of accounting that qualifies for reporting in this category and is reported in the governmental funds balance sheet and 2) deferred inflows related to both the OPEB liability and pension liability which are reported in the statement of net position.

Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the Town's OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Maine Municipal Employees Health Trust, an agent single-employer defined benefit postretirement healthcare plan (the Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms.

Investments are reported at fair value, except for money market investments and participating interest earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

Pensions

In government-wide financial statements, retirement plans (pensions) are required to be recognized and disclosed using the accrual basis of accounting (see Note I), regardless of the amount recognized as pension expenditures on the governmental fund statements, which use the modified accrual basis of accounting.

In general, the Town recognizes a net pension liability, which represents the Town's proportionate share of the excess of the total pension liability over the fiduciary net position of the pension reflected in the actuarial report provided by the Maine Public Employees Retirement System (MainePERS). The net pension liability is measured as of the Town's prior fiscal year-end. Changes in the net pension liability are recorded, in the period incurred, as pension expense or as deferred inflows of resources or deferred outflows of resources depending on the nature of the change. The changes in net pension liability that are recorded as deferred inflows of resources or deferred outflows of resources (that arise from changes in actuarial assumptions or other inputs and differences between expected or actual experience) are amortized over the weighted average remaining service life of all participants in the respective pension plan and are recorded as a component of pension expense beginning with the period in which they are incurred.

Notes to Financial Statements - Continued

Town of Alfred, Maine

Note A - Summary of Significant Accounting Policies - Continued

Pensions - Continued

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Participating Local District (PLD) Consolidation Plan and additions to/deductions from PLD Consolidation Plan's fiduciary net position have been determined on the same basis as they are reported by the PLD Consolidation Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Projected earnings on pension investments are recognized as a component of pension expense. Differences between projected and actual investment earnings are reported as deferred inflows of resources or deferred outflows of resources and amortized as a component of pension expense on a closed basis over a five-year period beginning with the period in which the difference occurred. Each subsequent year will incorporate an additional closed basis five-year period of recognition.

Accrued Compensated Absences

Under the terms of the personnel policies, compensated absences are granted in varying amounts. Employees may be entitled to payment for two-thirds of the unused compensated absences time upon termination or retirement.

Government-wide Fund Net Position

Government-wide net position is divided into three components:

Net investment in capital assets - consist of the historical cost of capital assets less accumulated depreciation and less any debt that remains outstanding that was used to finance those assets.

Restricted net position - consist of net asset position that is restricted by the Town's creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by grantors (both federal and state), and by other contributors.

Unrestricted - All other net asset positions are reported in this category.

Notes to Financial Statements - Continued

Town of Alfred, Maine

Note A - Summary of Significant Accounting Policies - Continued

Governmental Fund Balances

In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable - resources which cannot be spent because they are either a) not in spendable form or; b) legally or contractually required to be maintained intact.

Restricted - resources with constraints placed on the use of resources are either a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed through constitutional provisions or enabling legislation.

Committed - resources which are subject to limitations the government imposes upon itself at its highest level of decision making, and that remain binding unless removed in the same manner.

Assigned - resources neither restricted nor committed for which a government has a stated intended use as established by the Selectboard or a body or official to which the Selectboard has designated the authority to assign amounts for specific purposes.

Unassigned - resources which cannot be properly classified in one of the other four categories.

Use of Restricted Resources

The Town has a formal fund balance policy. Unassigned General Fund Balance should be maintained at a minimum of three months (25%) of annual general fund operating expenditures. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance and lastly unassigned fund balance.

Interfund Activity

Interfund activity is reported as loans, reimbursements, or transfers. Loans are reported as interfund loan receivables and payables as appropriate and are subject to elimination upon consolidation in the government-wide presentation. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related costs as a reimbursement. Since not all funds maintain a separate cash account, cash is pooled in the General Fund cash account and activity for individual funds are recorded through the General Fund and each respective individual fund through the recognition of a "due to/due from" as appropriate. The due to/from other funds balances are subject to elimination upon consolidation in the government-wide presentation. All interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Town of Alfred, Maine

Note A - Summary of Significant Accounting Policies - Continued

Budget

The Town of Alfred's policy is to adopt an annual budget for operations. The budget is presented on the modified accrual basis of accounting, which is consistent with generally accepted accounting principles.

The following procedures are followed in establishing budgetary data reflected in the financial statements:

- Early in the second half of the prior fiscal year, the Town prepared a budget for this fiscal year beginning July 1. The operating budget includes proposed expenditures and the means of financing them.
- A vote of the inhabitants of the Town was then taken for the purpose of adopting the proposed budget after public notice of the vote was given.
- The budget was adopted subsequent to passage by the inhabitants of the Town.

Revenue Recognition - Property Taxes

The Town's property tax for the current year was levied September 16, 2020, on the assessed value listed as of April 1, 2020, for all real and personal property located in the Town. Taxes were due October 1, 2020 and April 1, 2021. Interest on unpaid taxes commenced on October 2, 2020 and April 2, 2021 at 8% per annum.

Property tax revenues are recognized when they become available. Available includes those property tax receivables expected to be collected within sixty days after year-end. The remaining receivables have been recorded as deferred inflow of resources.

The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay, and amounted to \$85,542 for the year ended June 30, 2021.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid.

Pending Accounting Pronouncement

In June 2017, the Governmental Accounting Standards Board issued Statement No. 87, *Leases*. This new standard will provide users of the financial statements a more accurate picture of the assets and the long-term financial obligations of government entities that lease. The standard requires all leases which have a lease term exceeding 12 months to be recognized as a lease liability and a leased asset at the commencement of the lease term. The new leasing standard will apply for fiscal years beginning after June 15, 2021. Management is currently evaluating the impact of adoption on its financial statements.

Note B - Cash and Investments

The Town conducts all its banking transactions with its depository banks.

Custodial Credit Risk - Deposits

At June 30, 2021, the carrying amount of the Town's deposits was \$1,016,021 and the bank balance was \$1,020,517. The difference between these balances relates to deposits in transit, outstanding checks, and cash on hand at period-end. Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The Town does not have a deposit policy on custodial credit risk. As of June 30, 2021, \$383,087 of the Town's bank balance of \$1,020,517 was exposed to credit risk as follows:

Collateralized with securities held by the pledging
financial institution in the Town's name

\$ 383,087

Certificates of Deposit

Certificates of deposit totaling \$298,411 as of June 30, 2021 are included in cash in the accompanying financial statements. The certificates bear interest at varying rates and have maturities ranging from one month to sixty months, with penalties for early withdrawal. Any penalties for early withdrawal would not have a material effect on the financial statements.

Investments

Maine statutes authorize the Town to invest in obligations of the U.S. Treasury and U.S. agencies, repurchase agreements, certain corporate stocks and bonds and mutual funds.

Notes to Financial Statements - Continued

Town of Alfred, Maine

Note B - Cash and Investments - Continued

Interest Rate Risk

In accordance with the Town's investment policy, to the extent possible, investment maturities will be matched with anticipated cash requirements. At June 30, 2021 the Town had the following investment and maturity:

<u>Investment Types</u>	<u>Fair Value</u>	<u>Not Applicable</u>	<u>Maturity</u>		
			<u>Less than 1 year</u>	<u>1 - 5 years</u>	<u>More than 5 years</u>
Repurchase agreement with bank	\$ 163,071	\$ -	\$ 163,071	\$ -	\$ -

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At June 30, 2021, the underlying securities held as collateral for the Town's repurchase agreement by the investment's counterparty, was not in the name of the Town.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. In accordance with the Town's investment policy, credit risk is minimized by diversifying investments held. At June 30, 2021, the Town had no investments subject to credit risk.

Note C - Accounts Receivable

The Town's accounts receivable consisted of the following at June 30, 2021:

General Fund

Rescue Department service receivables	\$ 43,764
Less: Allowance for doubtful accounts	<u>(22,757)</u>
Net Rescue Department service receivable	21,007
Intergovernmental receivables	62,048
Other receivables	<u>236</u>
	<u>\$ 83,291</u>

Town of Alfred, Maine

Note E - Interfund Receivables and Payables

Interfund balances at June 30, 2021, consisted of the following individual fund receivables and payables:

Governmental Activities	<u>Receivables</u> <u>Due from</u>	<u>Payables</u> <u>Due to</u>	<u>Net Internal</u> <u>Balances</u>
General Fund:			
Trust Funds:			
Cemetery Trust	\$ 8	\$ -	
Veteran's Memorial Fund	-	(1,109)	
	<u>8</u>	<u>(1,109)</u>	\$ <u>(1,101)</u>
Trust Funds:			
General Fund:			
Cemetery Trust	-	(8)	
Veteran's Memorial Fund	1,109	-	
	<u>1,109</u>	<u>(8)</u>	<u>1,101</u>
Net Governmental Activities	<u>\$ 1,117</u>	<u>\$ (1,117)</u>	<u>\$ -</u>

All interfund balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transaction are recorded in the accounting system and (3) payments between funds are made.

Note F - Interfund Transfers

Transfers are used to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Interfund transfers for the year ended June 30, 2021 consisted of the following amounts:

Governmental Activities	<u>Transfers In</u>	<u>Transfers Out</u>	<u>Net Transfers</u>
General Fund:			
Trust Funds:			
Cemetery Trust	\$ 8	\$ -	
Veteran's Memorial Trust	-	(100)	
	<u>8</u>	<u>(100)</u>	\$ <u>(92)</u>
Trust Funds:			
General Fund:			
Cemetery Trust	-	(8)	
Veteran's Memorial Trust	100	-	
	<u>100</u>	<u>(8)</u>	<u>92</u>
Net Governmental Activities			<u>\$ -</u>

Notes to Financial Statements - Continued

Town of Alfred, Maine

Note G - Long-Term Liabilities

Long-term liability activity for the year ended June 30, 2021, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Amounts Due within One Year
Governmental Activities:					
General obligation bonds	\$ 60,000	\$ -	\$ 60,000	\$ -	\$ -
Capital lease obligations	190,360	-	48,603	141,757	50,145
Net pension liability	51,996	108,451	-	160,447	-
Net OPEB liability	55,409	9,072	-	64,481	-
	<u>\$ 357,765</u>	<u>\$ 117,523</u>	<u>\$ 108,603</u>	<u>\$ 366,685</u>	<u>\$ 50,145</u>

Bonds Payable

The following is a summary of debt outstanding at June 30, 2021:

2013 General obligation bond payable to Gorham Savings Bank due December 2020. Annual principal payments of \$125,000 through December 2016, \$120,000 through December 2017, and \$60,000 through December 2020 plus interest payments semi-annually. Interest begins at 2.000% and decreases to 1.375% over the term of the bond. This loan was fully paid off during the year ended June 30, 2021.

\$ -

Capital Lease Obligations

The Town has acquired a truck and SCBA tanks and compressor through capital lease obligations, with interest at 3.38% and 3.69%, respectively. The present value of capital lease obligation and future year's minimum lease payment for the years ending June 30 is as follows:

2022	\$ 55,292
2023	55,292
2024	<u>41,120</u>
	151,704
Less amount representing interest	<u>9,947</u>
Obligations under capital leases	<u>\$ 141,757</u>

As of June 30, 2021, the gross amount of fixed assets associated with the capital lease obligation was \$191,937 with accumulated depreciation of \$156,321.

Notes to Financial Statements - Continued

Town of Alfred, Maine

Note H - Postemployment Benefits Other than Pensions (OPEB)

Group Health Insurance Plan - Maine Municipal Employees Health Trust (MMEHT Plan)

Plan Description

Eligible Town employees are provided with health and life insurance through Maine Municipal Employees Health Trust (MMEHT Plan). The MMEHT Plan is a single-employer defined benefit OPEB plan. The Town's Board of Selectmen has authority to establish and amend the benefit terms. Employees are eligible if over the age of 55 with at least five years of service at retirement.

Benefits Provided

The MMEHT Plan provides healthcare and life insurance benefits for retirees and their dependents through payment of 100% of insurance premiums for single and family coverage. For employees eligible for Medicare, Medicare Parts A and B are primary coverage and the MMEHT Plan will determine a family member's benefit allowance based on applicable Medicare statutes and regulations.

Employees Covered by Benefit Terms

At June 30, 2021, the following employees were covered by the MMEHT Plan benefit terms:

Inactive employees (or beneficiaries) currently receiving benefit payments	1
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	8
	<u>9</u>

Contributions

The Town's contributions are determined by a rate set out by MMEHT. Contributions from the Town for the MMEHT Plan year ended December 31, 2021 were \$2,115.

The Town contributes 90% of the Single rate for medical and dental. For health and dental plans, employees contribute 10% of the Single Plan. Employees contribute 10% to the Family Plan as well as 25% of the difference between the Single and Family Plan. Employees contribute 100% to the vision and Income Protection Plans.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2021, the Town reported an OPEB liability of \$64,481. The OPEB liability was measured as of January 1, 2021, and was determined by an actuarial valuation as of that date.

For the Year Ended June 30,

2022	\$	(8,035)
2023		(9,341)
2024		(7,658)
2025		(7,658)
2026		(7,660)
Thereafter		502
Total	\$	<u>(39,850)</u>

Actuarial Assumptions

The total OPEB liability in the January 1, 2021 actuarial valuation for the MMEHT Plan was determined using the following assumptions, applied to all periods included in the measurement, unless otherwise specified:

Discount rate	2.12%
Salary increases	2.75%, average, including inflation
Healthcare cost trend rates (applied with a grading over 14 years to 4.00% per annum)	
Pre-Medicare Medical	8.50%
Pre-Medicare Drug	8.75%
Medicare Medical	5.00%
Medicare Drug	8.75%
Administrative and claims expense	3.00%

Mortality rates for the MMEHT Plan were based on the RP-2014 Total Dataset Healthy Annuitant Mortality Table for males and females.

The actuarial assumptions used in the January 1, 2021 valuation for the MMEHT Plan were based on the results of an actuarial experience study covering the period June 30, 2012 through June 30, 2015.

Sensitivity of the Total MMEHT Plan OPEB Liability to Changes in the Discount Rate

The following presents the Town's total OPEB liability calculated using a discount rate of 2.12%, as well as what the Town's OPEB liability would be if it were calculated using a discount rate that is 1% lower (1.12%) or 1% higher (3.12%) than the current rate:

	1% Decrease (1.12%)	Current Discount Rate (2.12%)	1% Increase (3.12%)
Total OPEB liability	\$ 73,755	\$ 64,481	\$ 56,899

Sensitivity of the Total MMEHT Plan OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the Town's total OPEB liability, as well as what the Town's OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower or 1% higher than the current healthcare cost trend rates:

	1% Decrease	Healthcare Trend Rates	1% Increase
Total OPEB liability	\$ 56,191	\$ 64,481	\$ 74,895

Note I - Pension Plan

Plan Description

The Town provides pension benefits to eligible employees through cost sharing multiple-employer defined benefit pension plans (pension plans) administered by the Maine Public Employees Retirement System (MainePERS) and is part of the Participating Local District (PLD) Consolidation Plan.

Permanent Town employees working full time are included in the pension plan. MainePERS issues a publicly available financial report that can be obtained on the MainePERS website. There are currently seven active participants from the Town.

Benefits Provided

MainePERS provides retirement, disability, and death benefits to plan members. Retirement benefits are vested after five years of services. Employees who retire at or after age sixty or sixty-five (depending on their normal retirement age) with one year of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to two percent of the average of their highest three years earnings per year of service. Cost of living increases are available for services rendered after July 1, 2008. The maximum annual increase is 3%.

Notes to Financial Statements - Continued

Town of Alfred, Maine

Note I - Pension Plan - Continued

Benefits Provided - Continued

Disability benefits may be available if an employee participating in the plan becomes mentally or physically disabled while in MainePERS-covered service and is permanently unable to perform the duties of his/her position. The amount of the disability benefit is either 66 2/3% or 59% of the average final compensation, depending on the date the employee was hired.

Ordinary death benefits are available if death occurs before retirement. Beneficiaries can receive either a lump-sum refund of the employee's contributions and interest or a monthly benefit. If death occurs as a result of an injury while working or while the employee is working, accidental death benefits are also available.

Contributions

Contribution requirements are set by the MainePERS Board of Trustees. Participants were required to contribute 8.1% of their annual gross salary to the plan and the Town is required to contribute 10.1% for the year ended June 30, 2021. Contributions to the pension plan from the Town were \$28,294 for the year ended June 30, 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the Town reported a liability of \$160,447 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of contributions to the pension plan relative to the projected contributions of all PLDs, actuarially determined. At June 30, 2020, the Town's proportion was 0.040383% which was an increase of 0.023372% from its proportion measured as of June 30, 2019.

Notes to Financial Statements - Continued

Town of Alfred, Maine

Note I - Pension Plan - Continued

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - Continued

For the year ended June 30, 2021, the Town recognized pension expense of \$73,176. Pension expense represents the change in the net pension liability during the measurement period, adjusted for actual contributions and the deferred recognition of changes in investment gain/loss, actuarial gain/loss, actuarial assumptions or method, and plan benefits. At June 30, 2021, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 9,628	\$ 1,764
Net difference between projected and actual earnings on pension plan investments	10,441	-
Changes in proportion and differences between Town contributions and proportionate share of contributions	76,870	-
Town contributions subsequent to the measurement date	28,294	-
	<u>\$ 125,233</u>	<u>\$ 1,764</u>

Deferred outflows of resources and deferred inflows of resources on the previous page represents the unamortized portion of changes to net pension liability to be recognized in future periods in a systematic and rational manner.

Of the amount reported as a deferred outflow of resources related to pensions resulting from Town contributions subsequent to the measurement date, \$28,294 will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2021	\$ 33,081
2022	44,338
2023	8,868
2024	8,888

Notes to Financial Statements - Continued

Town of Alfred, Maine

Note I - Pension Plan - Continued

Actuarial assumptions

The total pension liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	<u>2020</u>
Inflation	2.75%
Salary increases	2.75% plus merit component based on employee's years of service
Investment rate of return	6.75%
COLA	1.91%

Mortality rates were based on the sex distinct RP-2000 Combined Mortality Table, as appropriate, with adjustments for mortality improvements based on Scale AA.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actual experience study for the period June 30, 2012 through June 30, 2015.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Public equity	30%	6.0%
Private equity	15%	7.6%
Traditional credit	7.5%	3.0%
Alternative credit	5%	7.2%
Real estate	10%	5.2%
Infrastructure	10%	5.3%
Natural resources	5%	5.0%
U.S. Government	7.5%	2.3%
Risk Diversifiers	<u>10%</u>	5.9%
	<u>100%</u>	

Notes to Financial Statements - Continued

Town of Alfred, Maine

Note I - Pension Plan - Continued

Discount rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from Towns will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Town's proportionate share of the net pension liability to changes in the discount rate

The following presents the Town's proportionate share of the net pension liability calculated using the discount rate of 6.75%, as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	1% Decrease (5.75%)	Discount Rate (6.75%)	1% Increase (7.75%)
Town's proportionate share of the net pension liability (asset)	\$ 337,195	\$ 160,447	\$ 15,766

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued MainePERS financial statements. The plan's fiduciary net position has been determined on the same basis as that used by the plan.

Notes to Financial Statements - Continued

Town of Alfred, Maine

Note J - Budget to GAAP Reconciliation

An explanation of the differences between budgetary inflows and outflows and revenues and expenditures determined in accordance with generally accepted accounting principles follows:

Budgetary basis revenues and other sources over (under) expenditures and other uses	\$ 440,345
---	------------

Sources/inflows of resources - reconciling item

Transfers from other funds are inflows of budgetary resources but are not transfers for financial reporting purposes	20,000
--	--------

The Town budgets certain other revenues outside of its general fund that are recognized in the general fund under generally accepted accounting principles	<u>590</u>
--	------------

Generally accepted accounting principles basis revenues and other sources over (under) expenditures and other uses	<u>\$ 460,935</u>
--	-------------------

The difference between the general fund balance reported according to generally accepted accounting principles and the general fund balance reported according to the budgetary basis of accounting is accounted for by the ending assigned fund balance for the Capital Reserve.

Note K - Assigned Fund Balance

At June 30, 2021, the assigned general fund balance consisted of the following:

	Balance at <u>6/30/2020</u>	<u>Appropriated</u>	<u>Additions</u>	<u>Reductions</u>	Balance at <u>6/30/2021</u>
Capital Reserve	\$ 283,357	\$ -	\$ 20,590	\$ -	\$ 303,947
Carryforwards:					
Capital Improvement	43,988	-	41,132	-	85,120
Museum	2,736	-	-	-	2,736

Animal Control	1,663	-	3,524	(1,663)	3,524
Heating Assistance	9,720	-	11,703	(8,877)	12,546
Fields and Facilities	3,016	-	200	(2,828)	388
Cable Franchise	<u>50,374</u>	<u>-</u>	<u>47,082</u>	<u>(26,996)</u>	<u>70,460</u>
	<u>\$ 395,735</u>	<u>\$ -</u>	<u>\$ 124,231</u>	<u>\$ (40,364)</u>	<u>\$ 479,602</u>

Notes to Financial Statements - Continued

Town of Alfred, Maine

Note L - Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets, errors and omissions; and natural disasters for which the Town either carries commercial insurance, or is effectively self-insured. Currently, the Town carries commercial insurance for any risks of loss to which it may be exposed.

Based on the coverage provided by commercial insurance purchased, the Town is not aware of any material actual or potential claim liabilities which should be recorded at June 30, 2021.

Note M - Related Party Transactions

The Town's Road Commissioner, through his company and his father's company, performs roadwork for the Town consisting of plowing and sanding of municipal areas, excluding Town owned roadways, as well as clearing brush and other road work. The amount paid for these services was approximately \$236,000 for the year ended June 30, 2021.

Note N - Commitments

The Town signed a three year plowing and sanding contract for the period October 1, 2021 to April 30, 2024. Under the contract, the Town did not make any payments during the year ended June 30, 2021. Future payments are as follows:

2022	\$	346,595
2023		353,527
2024		362,560
